1. Administration > Roles पेज पर Create New Role पर क्लिक करें।

The screenshot displays the 'Manage Roles' page in the Evenmore Infotech ERP system. The interface includes a sidebar with navigation options: Dashboard, CRM, Sales, Purchase, Parties, Inventory, Accounts, HRMS, and Reports. The main content area shows a 'Manage Roles' section with a list of roles and an 'Edit Role' section for the 'Employee' role.

Manage Roles

Create and manage user roles with granular permissions across modules.

Why use Roles & Permissions?

Group permissions into roles to control which modules and actions users can access. Select a role to review its permissions and keep access consistent for people with similar responsibilities.

Summary Statistics:

- Total Roles: 14 (↑ 12% vs last month)
- Total Users: 73 (↑ 5% vs last month)
- Total Permissions: 328 (↑ 8% vs last month)
- Active Modules: 6 (100% System Coverage)
