+ New

How to create a client?

Export

Clients
Manage your clients, view details, and track deals, projects, and communication.

+ Create New Client

Why use Client Management?
Keep client contact details and business information in one place. Review related deals and projects, update client records and use filters to find the customers you need.

Total Clients: 128
↑ 12% vs last month

Active Clients: 46
↑ 18% vs last month

Clients with Deals: 24
↑ 8% vs last month

Clients with Projects: 18
↑ 20% vs last month

Client Satisfaction: 96%
↑ 4% vs last month

Search clients by name, email, phone, location, status, tags
